1,112,782 kWh

One Million One Hundred Twelve Thousand Seven Hundred Eighty Two

kWh

Estimated annual energy savings achieved through HVAC efficiency activities from 2010 to 2012

Memo: kWh savings

The Premium Efficiency Starting Program is funded by California 2010 customers' bill administered by San Diego Gas & Electric Company, 00004822 under the direction of the California Public Utilities Commission. Through a contract awarded to Conservation Services Group, California customers who choose to participate in this program are not obligated to purchase the electrical services offered by the contractor. The equipment used herein are the property of their installation service.
